

## 2018-2019 Annual Report

### Overview

This document is intended to be a distillation of the 2019 Annual report. Sadly, the report is not available at time of 'going to press', so this history will have to do with a set of photographs from the year. The document may be loaded as a separate file on the history USB, so please check if you are interested.

### Photographs from the year

A few are reproduced here, to augment those which will shown in the body of the Annual Report
